

Save money on your prescriptions!

We're pleased to offer you Rx Shopper as part of your Health Advocate service!

Rx Shopper is a free prescription discount program that can reduce your prescription costs by helping you find the lowest prices for your medications. Plus, sometimes insurance doesn't cover a certain drug or it costs a lot of money due to a high deductible, this is where we can help! **Rx Shopper is not insurance.**

Download and print your card, then bring it with you when filling your prescriptions. Follow these steps.

1. Log into the Health Advocate website or mobile app
2. From the "Health" menu, click on "Prescription Savings"
3. Click on "Download My Card"
4. Print and bring it with you next time you fill your prescriptions

If you have questions about Rx Shopper, you can also contact their member support team at **800.999.3053**.

Check with your pharmacy

Your Rx Shopper card is accepted at over 35,000 pharmacies nationwide!

Know how it works

Rx Shopper can help you reduce your prescription costs and help you find prices that are lower than some of your typical copays. Please note, the Rx Shopper price cannot be combined with any discounted insurance pricing.

Purchases made using this free discount prescription card do not count towards insurance, Medicare deductible, or out-of-pocket maximums.

It is always a win-win situation

You can always pay the lowest price—your insurance, the pharmacy or Rx Shopper's. Just show your card and ask your pharmacist!
